REQUEST FOR FOREIGN FILING LICENSE

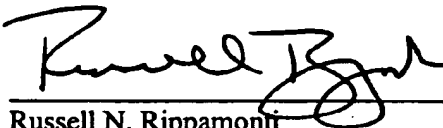

Our file does not indicate that a foreign filing license was ever granted by the United States Patent and Trademark Office for the above-referenced case. We would appreciate your assistance in having the USPTO grant a foreign filing license. It is our understanding that the case passed through all levels of security review. A PCT was filed in the U.S. Receiving Office. The U.S. Receiving Office has subsequently forwarded documents to the International Bureau based on the receiving security clearances. However, we would like to clear up formalities of this application and receive an official foreign filing license.

Thank you for your assistance in this matter.

Respectfully submitted,
